

The Aggie Mission:

Bravell and Brenda Jackson invite you to join them in their efforts to provide Aggie Plaza along with landscape and walkway improvements for Hamilton Middle and High Schools. In keeping with the Aggie Spirit of teamwork Mr. Jackson, former Marion County Superintendent of Education will be joined by Alumni and Friends from the community to accomplish this goal. By sponsorship or volunteering your time and energy you will be an important part of a project the community will enjoy for generations. Individuals, families, groups and companies can participate by sponsoring a paver or marker, a park bench or table, a tree or brick column. Major Contributions will allow the naming of green areas and gateways. It is Mr. and Mrs. Jackson's hope that this Plaza will be a place for students to gather, create school traditions and also honor family, friends or colleagues. All contributions are tax deductible and will help meet the construction fundraising goal as well as provide for future improvements for Hamilton Middle and High Schools. June 2012 marks the beginning of students and community working together as a team to provide a place that will be enjoyed for generations. Your participation and support will serve as an example of the Aggie spirit and show pride in Hamilton's future development.
